HP Printing and Digital Imaging Products

Effective from December 2006

NEW NAMING CONVENTION

HP Imaging and Printing Group is changing the way it assigns product names and model numbers to make it easier for customers to select the HP product that best suits their needs

Key changes
- The system will be introduced as new products are released.
- An alphanumeric system will be adopted by adding lead alphas to model numbers and redefining a consistent meaning for trailing alphas.

The new alphanumeric naming and model numbering system will improve selection, increase consistency in the HP Imaging and Printing portfolio, and better define each product and its' features.

The Lead Alpha - a one letter alpha will be added to the model number

Lead Alpha	Full Product Name	Lead Alpha	Full Product Name
P	HP Mono LaserJet Pxxxx printer	B	HP Photosmart Pro Bxxxx photo printer
CP	HP Color LaserJet CPxxxx printer		
M	HP Mono LaserJet Mxxxx Multifunction printer	D	HP Deskjet Dxxxx printer
		F	HP Deskjet Fxxx[1] All-in-One printer
CM	HP Color LaserJet CMxxxx Multifunction printer		
		K	HP Officejet Pro Kxxx color printer
A	HP Photosmart Axxx Compact/Portable photo printer		
C	HP Photosmart Cxxxx All-in-One photo printer	G	HP Scanjet Gxxxx photo/flatbed scanner
D	HP Photosmart Dxxxx Single Function photo printer	N	HP Scanjet Nxxxx document/professional image scanner

The Trailing Alpha - either one or a combination of letters that follow the model number and indicate features

Trailing alpha	Description	Trailing alpha	Description
d	Duplex	t	Extra tray
n	Network	tn	Tray and networking
h	Hard disk	x	Duplex, extra tray, and network (formerly dtn)
s	Stacker	xs	Duplex, extra tray, network and stacker
sk	Stapler & stacker	xsk	Duplex, extra tray, network and stapler / stacker

1. In 2007 the HP Deskjet All-in-One will have four digits in its model number: HP Deskjet Fxxxx All-in-One

Get twice as many prints from the same amount of ink*

HP printing technology is so advanced it easily outperforms other brands, without compromising quality.

Tests conducted show that under typical start-and-stop printing conditions, HP printers use ink more efficiently and clearly out perform other brands – giving up to twice the amount of prints from the same amount of ink.*

Inkjet printers are designed to periodically clean themselves. Many other brands flush their systems with ink, wasting large amounts in the process. By cutting ink wastage, HP fuel efficient printers reduce your on going running costs, so in the long run, your HP printer will save you money.

3. Supported by HP Jetdirect 625N & 635N Print Servers only

HP papers – perfect partners with HP inkjet print cartridges
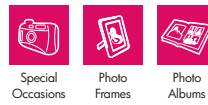

HP Premium Plus Photo Paper 280 gsm

HP's best photo paper for professional-quality photos that last a lifetime[2]
- Exceptional print quality with up to almost 3 times longer fade-resistance[2] than traditional lab-processed photos
- High-gloss finish maximises colour intensity

Available in the following sizes:
- 4x6 (Borderless)   - HP Q2504A   - 20 sheets
- 4x6 (Perforated tab)   - HP Q1952A   - 20 sheets
- A4   - HP Q1951A   - 20 sheets
- A3   - HP Q5497A   - 25 sheets
- Panoramic   - HP Q6602A   - 20 sheets

Ideal for
Special Occasions | Photo Frames | Photo Albums

Consumer onsite service

Consumer Imaging & Printing – Additional Warranty Services Hewlett-Packard now offers customers Onsite Exchange for Consumer Imaging & Printing products, thereby removing the need for the customer to travel to a service centre or return to their place of purchase. The service is provided in addition to the standard warranty and is free of charge to customers. HP will also endeavour to offer the service on a nationwide basis wherever possible.

HP products included:
• All-In-One/PSC
• DeskJet, DeskWriter
• OfficeJet, Colour Copier
• ScanJet, PhotoSmart Products
• Digital Projector
• LaserJets (entry level)

Some conditions apply. Please contact your account manager or retail sales representative for more info.

www.hp.co.nz/onsiteexchange

Supplies support

Please return your claim to your place of purchase or contact the HP customer care centre.

0800 441 147

Monday - Friday:
09:00am – 09:00pm
Saturday:
10.00am – 04.00pm

All cartridges sent to HP are tested for:
• Expiry Date
• Refillable ink
• Weight – to determine if empty
• Misuse
• Damage
• And any other damage that may void the warranty

We recommend you also do your own testing prior to replacing with the customer. At a very minimum the cartridge should be checked for:
• Expiry Date (on cartridge)
• Damage
• Misuse

Customer care centre can assist with the following:

| Technical Support | Service/ Repair | Trade/ Spare Parts | Case Status | Escalations |
